

RITHIK BHALEKAR

Senior Software Engineer

Pune, India | +91 8319041599 | rithikb2710@gmail.com | <https://ritik27.netlify.app/>
www.linkedin.com/in/ritikbhalekar27 | <https://github.com/ritik27lab>

SUMMARY

Senior Software Engineer with 6+ years of experience in enterprise-grade application development, system integrations, and complex business logic implementation. Strong expertise in full-stack development, API integrations, pricing engines, workflow automation, and CI/CD pipelines. Experienced in building scalable Lead-to-Order and payment-based systems with complex pricing calculations and subscription models. Skilled in integrating applications with third-party systems including payment gateways, backend services, and cloud platforms. Adept at delivering production-grade solutions in distributed and cross-functional environments.

TECHNICAL SKILLS

Enterprise & Integration:

REST APIs, Webhooks, System Integrations, Microservices Architecture, CI/CD Pipelines, Azure DevOps, SAP CPQ – Salesforce Integration

Languages & Technologies:

Java, JavaScript, TypeScript, Python, Node.js, HTML, CSS, Bootstrap, jQuery

Frontend Technologies:

React.js, React Native, Responsive UI Development

Backend & Databases:

Express.js, FastAPI, PostgreSQL, Redis, Firebase

Cloud & DevOps:

Microsoft Azure, AWS, Git, Docker, CI/CD

Business Logic & Pricing:

Subscription models, Payment workflows, Pricing logic implementation, Approval flows

CORE COMPETENCIES

Problem Solving • Software Development Life Cycle • REST APIs • Debugging • UI/UX Design

PROFESSIONAL EXPERIENCE

Syba – Technical Lead

Brussels, Belgium (Remote) | Oct 2024 – Present

- Led the full-stack development of cross-platform mobile application, including an Electron-based macOS app. Integrated stripe payment integration with webhooks to Postgres DB
- Built scalable backend services with Node.js and Express.js, integrated with PostgreSQL and deployed it on Microsoft Azure. Used Clusters, Load Balancers,
- Managed Apple compliance through provisioning, code signing, and TestFlight/App Store notarization.
- Integrated system-level native features: DNS Connectivity and real-time network discovery and scanning.
- Defined CI/CD pipelines & mentored junior developers.
- Ensured consistent UX across platforms via close collaboration with product and design teams.

Multeway – Around Me Social Media App – Full Stack Developer

Hyderabad, India | Jan 2023 – Oct 2024

- Spearheaded the development of the social platform using React Native with features like Shoutouts Heat-Map (MapBox) and an AI Chatbot.
- Developed scalable APIs using FastAPI, Postgres, and Redis; integrated front-end using React.js, React Native Mobile App and Figma designs. Utilized Amazon S3 as CDN (Content Delivery Network),
- Optimized performance and ensured a consistent, smooth user experience across devices.
- Collaborated with cross-functional teams and mentored junior developers.

Linkites – Software Engineer

Indore, India | Jan 2020 – Dec 2023

- Built 3 mobile and 2 web applications using React Native, React Native Web, Firebase, and GraphQL, Supabase.
- Delivered apps across verticals such as media sharing, social networking, event management, and gaming.
- Specialized in optimizing for different devices and screen sizes, ensuring robust cross-platform UX.
- Implemented client-specific design features and improved user engagement.

PERSONAL PROJECTS

bitMatic – Crypto Mobile App

- Full-stack wallet app for Ethereum and Bitcoin, with features for sending funds and viewing market prices.
- Tech: React Native, MobX, Ether.js, BitcoinLib.js
- GitHub: <https://github.com/ritik27lab/bitmatic.git>

RapidEx – Decentralized Exchange

- Web-based DEX with wallet integration and secure fund transfers.
- Tech: React, Node.js, Moralis, MetaMask, Ether.js
- GitHub: <https://github.com/ritik27lab/rapidex-decantralizedexhcange.git>

Trading Bot

- Developed an automated trading bot for Indian stock market strategies.
- Tech: Python, Angel ONE API, TypeScript, Pandas

EDUCATION

Institute of Engineering and Technology, DAVV

Bachelor of Engineering (B.E.) Information Technology
Indore (M.P.)

INTERESTS

Cricket, Basketball, Counter Strike, Music, Table Tennis

Languages Known: English, Hindi
